

The image shows a standard EU energy label for a battery. At the top left is the European Union flag. To its right, the word "ENERG" is written in large blue letters, with "Y IJA" above it and "IE IA" below it. Below this, the word "енергия · ενεργεια" is written in black. Underneath is the Tesla logo and the model number "BL270427-2". The main part of the label is a vertical scale of energy efficiency classes, represented by colored arrows pointing to the right: A++ (dark green), A+ (medium green), A (light green), B (yellow), C (orange), D (dark orange), and E (red). A black arrow points to the A+ class, indicating the product's rating. At the bottom, the consumption value "4 kWh/1000h" is displayed.
